

Floods and Slides Hamper Steam Railway and Trolley Traffic; Snow Snaps Wires

November Conditions Almost
Unprecedented Accompany
Rain Downpour.

WEST PENN IS HARD HIT

Mile of Company's Line Between
Scottsdale and Iron Bridge Sub-
merged by Overflow From Jacob's
Creek; Yough River Rises 12 Feet.

The rains of Saturday, Sunday and
yesterday, followed by a snow and
then a thaw yesterday afternoon and
last evening resulted in tie-ups on
transportation lines, both electric and
steam.

The West Penn system schedule was
shattered between this place and
Irwin for a time was interrupted on
the Phillips line to Uniontown. By
noon today the cars were running with
a greater degree of regularity, how-
ever, and it seemed possible that by
this evening the usual schedule would
be in effect.

The first break came yesterday after-
noon at Swedestown. Between that
place and McClure Jacob's creek
flooded the tracks. It is estimated that
about two feet of water covered the
rails for the distance of almost a mile.
This made transfers impossible. Cars
were run as far as possible on either
side of the flooded area but beyond
that distance no passengers have been
carried since yesterday morning.

Then water began to cover the rails
elsewhere. At the Hunker under-
grade there was three feet of water
and at Penn from one to two feet. The
Mount Pleasant side at Youngwood
was also inundated by a foot of water.
For a time cars were run via Hunker
but the last one through to Green-
burg made the trip about 6 o'clock.
Included in the few which got by the
watered district was a special, carry-
ing a crowd of dancers to Greensburg.
On the return trip this car was held
up by water and when it finally
reached here the clocks were striking
the hour of 11 A. M.

Transfers were maintained at all
places but the point between McClure
and Swedestown. The travel through
Hunker was also still hampered but
cars were going through Youngwood
to Greensburg this morning. The
first car to Irwin was also run through
this morning.

At noon the water was dropping
rapidly and West Penn officials be-
lieved by evening the regular sched-
ule would be maintained. It was a
hard blow to the system but recovery
was expected to be quick.

The only hold-up on the lines be-
tween here and Uniontown was at Elm
Grove on the Phillips route. Some
time during the night a great amount
of earth became loosened and covered
the rails. This held up cars for a time
during the morning but was quickly
cleared away by a track gang.

The Yough river rose steadily
during the night and the record
this morning shows an increase of
more than a foot over the reading
taken last evening. It is easily seen
however, that the 11.55 feet reported
this morning is not the high water
mark, that night, having been at-
tained some time in the night. It is
estimated the crest was between 12.5
and 13 feet.

A slide on the Monongahela railroad
at West Point Marion last night
blocked the road. The diplo of the
West Point Marion Coal company was
carried, with the sliding mass, on the
railroad. Passengers are being trans-
ferred. It was said at noon several
hours would elapse before the road
would be cleared.

A thousand telephones were put out
of commission in the county by the
snow, which caused snapping of wires
and poles. The number was about
equally divided between the Bell and
Tri-State companies. Twenty-five
Bell poles were reported broken off
while 10 of the Tri-State company
suffered.

Continued on Page Two.

FORMER CONNELLSVILLIAN

Reeds \$600,000 Maryland Corporation
To Develop Big Coal Tract.

William A. Morgart of Cumberland,
formerly a member of the firm of
Morgart Brothers, who conducted a
grocery store on East Crawford ave-
nue for several years, has been made
president of a \$600,000 Maryland
corporation, which he formed for the
development of a new coal field in
Garrett county, Md.

The tract consists of 35,000 acres
upon which there are large quantities
of coal.

INDIVIDUAL RECORDS

Of R. & O. Engineers and Engines
Submerged Fuel Saving.

The Baltimore & Ohio railroad is
giving impetus to its fuel conservation
campaign, inaugurated some months
ago, by issuing monthly statements
showing the amount of coal and mil-
lions of pounds of fuel consumed by
individual engines and engineers.

Officials said that this comparison
of records stimulates competition
among engine crews and is productive
of very good results.

B. & O. Train Ditched Near Broad Ford

Baltimore & Ohio passenger train
No. 67, bound for Pittsburgh, was
wrecked this morning when it ran in-
to a slide about a half mile east of
Broad Ford. The engine and baggage
car were derailed. None of the pas-
sengers was injured, it was said.

The wreck occurred about 4:30
o'clock this morning. The line was
cleared later in the morning and traf-
fic resumed.

A train on the P. V. & C. branch of
the Pennsylvania railroad, running
from Pittsburgh into Uniontown, due
to arrive in that city at 8 o'clock in
the evening, was caught in a landslide
near Smock. As the train was moving
along the earth and rocks came down
and held it. Two big rocks, weighing
about seven tons, hit the train and the
passengers received a severe shaking
up.

Following the arrival of the train
over the Southwest branch it was sent
to Smock and the passengers taken off
the marooned train. Another big
slide occurred just about two miles
from where the train is held. Traffic
on the branch is completely tied up.

JAPAN SEEKS NAVAL RATIO AMENDMENT

By Associated Press.

WASHINGTON, Nov. 29.—The
Washington arms conference is ap-
proaching its first great decision. It
was announced last night by Baron
Kato, chief Japanese naval expert,
that Japan seeks a 70 per cent naval
ratio. At the same time it was said
that the American delegates stood on
Secretary Hughes' "five-to-three ratio"
proposal which means a 60 per cent
naval ratio for Japan. The conference
must reconcile these two views or
accept one or the other.

Baron Kato said the 70 per cent
ratio was the minimum necessary for
Japan. The American view is that 60
per cent for Japan is the maximum
naval strength that could be accepted
in view of American liabilities in the
Pacific.

Sale of Seals Will Begin Here On December 1

Plans are being made for the an-
nual Christmas seal sale in Connellsville
and the surrounding districts in-
cluded in the Connellsville territory.
As heretofore, the campaign will be
conducted under the auspices of the
public health committee of the Woman's
Culture club, with Mrs. J. B.
Marietta chairman. The school chil-
dren, who have always figured so
prominently in the annual sales, will
also assist in the work this year.

Mrs. Mary Allen, local community
nurse, who is in charge of the sale of
seals in the outlying district, will
distribute her seals within the next
few days.

Mrs. Meyer Aaron is secretary of
the health bonds and already 400
bonds, amounting in value to about
\$2,500, have been received and will be
mailed to residents of Connellsville
and vicinity very soon. The bonds
are smaller in denomination this year,
making it possible for more persons to
purchase. Last year they ran as
high as \$25, but the national commit-
tee decided it would be better to make
the bonds of a smaller denomination,
there being but \$5 and \$10 bonds.
Each bond carries 10 coupons, each of
which entitles the holder to one-tenth
of the value of his bond in Red Cross
Christmas seals.

The sale of seals will begin Decem-
ber 1. December 9 will be seal day
in the schools.

Mrs. Marietta, the chairman, em-
phasized the following facts relative
to the sale:

Out of the seal sale fund the rent of
the state dispensary in the Second
National bank must be paid.

Every patient sent to a state sanita-
rium must be provided with car fare
and equipment.

Eighty-two and one-half per cent
of the fund derived from the sale of seals
remains in the district. There are no
salaries to be paid.

West Penn Change Postponed.

The changes at the West Penn
power plant which will necessitate the
cutting off of power for the greater
part of a day will be made December
11, instead of December 4, the com-
pany announced today. The change
in date was made because of the
weather conditions of the last several
days.

C. Madara Improved.

C. Madara, who underwent an op-
eration to Pittsburgh November 14, is
progressing satisfactorily. Mrs. Ma-
dara said today on her return from
the hospital. She had been in Pitts-
burg since Mr. Madara was taken
there.

DETWILER FARM SITE TAKEN FOR COUNTRY CLUB

Initial Payment Will Be Made
at Meeting Next Monday
Night.

CONN-DALE NAME CHOSEN

Reports made by the invitation com-
mittees of the proposed country club
at a meeting last night indicate the
success of the movement. There have
been 130 acceptances in this city and
60 at Scottsdale, while not more than
50 per cent of the selected list has
yet been covered. The committees
will continue their work until the
whole list has been gone over or un-
til the full membership of 350 has
been secured.

The name of the organization was
decided on as Conn-Dale country club.
The title was selected from several
submitted by a committee named for
the purpose.

Thomas J. Hill, Charles J. Loucks
and Jesse S. Cook of Scottsdale and
W. D. McGinnis, J. R. Davidson and J. M.
Gray of Connellsville were named a
committee to nominate candidates for
the board of governors. Another
committee, composed of W. H. Glasgow
of Scottsdale, G. S. Connell and S. I.
Ashe of Connellsville, was named to
draw up the by-laws. C. B. Frank
and F. M. Markell of Connellsville and
J. R. Byrne of Everett were named a
committee on property and organiza-
tion.

J. Melvin Gray resigned as secretary
of the club owing to pressing business
affairs and E. K. Kramer was elected
in his place. W. H. Clinebaugh of
Scottsdale, president of the club, pre-
sided.

The option on the Detwiler farm
was taken up yesterday afternoon and
at another meeting to be held next
Monday night the money for it will be
paid. This meeting is to be held in
the office of W. F. Stauffer at Scott-
sdale. At that time the organization
will also pass on the board of gov-
ernors and the by-laws.

Discussion last night centered
around securing the proper person
for laying out the golf links and su-
pervising the improvement of the prop-
erty. This work is to begin at once.
The club becomes the immediate pos-
sessor of the farm and the building
will be turned over as soon as they
can be vacated. It is expected the
grounds and building will be in shape
for use about July 1, 1922.

Y. M. C. A. Drive Postponed to December 6-7

The membership drive of the Balti-
more & Ohio Y. M. C. A. was post-
poned last evening from November 2
and 30, to December 6 and 7, on ac-
count of weather conditions. The post-
ponement was announced last evening
at a supper served to the members of
the various teams and their captains.

Some enthusiastic speeches were
delivered the speakers being B. W.
Brown, superintendent of the Con-
nellsville division, also director of
the drive; J. E. Long, master mechanic
and H. G. Brown, superintendent of
the Davidson company works. The
main point of each speaker was to
bring out the advantages of the "Y"
to the younger men of the city, lay-
ing emphasis on the fact that the
membership was not limited to the
employees of the Baltimore & Ohio, as
many people believe.

During the additional work gained
by the postponement the different
teams will be making better plans and
organizing their teams. Also it will
be arranged to hold another supper
on the "eve" of the drive.

GLASS COMPANIES

Among Those Indicted For Alleged
Conspiracy to Maintain Prices.

Among the 53 corporations engaged
in the manufacture of window glass
against which indictments have been
found by the federal grand jury for
violation of the Sherman anti-trust
law, are the Quartermaster Glass com-
pany of Fairport, Pa.; House Win-
dow Glass company and Jeannette
Window Glass company of Point Mar-
ion. Five companies in Clarksville
and one in Fairport, W. Va., were also
indicted.

It is charged that the companies
entered into a conspiracy with each
other and the glass workers' union to
limit production, thereby enabling the
producers to artificially maintain ex-
cessive prices for window glass.

Black Losers 75,000 Tons.

ALLENTOWN, Nov. 29.—Seventy-
five thousand tons of cement rock
were loosened by a single blast in a
quarry at West Coplay recently. It
was the heaviest blast set off in the
Lehigh cement regions in years. Fif-
teen holes, twenty feet apart and of a
depth of 145 feet, were filled with
25,000 pounds of dynamite, which was
set off by pressing an electric button.

Education Week Proclaimed.

WASHINGTON, Nov. 29.—President
Harding issued a proclamation today
setting apart the week of December 4
to 10 as American education week dur-
ing which citizens of the United States
are urged to assist general efforts to
reduce illiteracy and give thought to
remedying defects in the nation's edu-
cational system.

"New" Newcomer is Granted 30 Days to Settle An Estate

When summoned before court in
Uniontown this morning for sentence
on three charges of embezzlement, E.
Newton Newcomer, former jail ward-
en of Fayette county, was given 30
days in which to settle the estate of
his father, the late Hampton New-
comer, before sentence is pronounced.
The extension was granted on peti-
tion of counsel for Newcomer, it being
set forth that settlement of the estate
will be hampered should he be absent
—this being contingent on a possible
prison sentence—and that it would
work a hardship on creditors.

MERCHANT SELLS CIGARETS TO BOYS, FINED \$150, COSTS

I. Riehl, Connellsville Confee-
tioner, Prosecuted by
School Board.

SMOKING NEAR SCHOOL

Connellsville high school authori-
ties are attempting to break up the
smoking of cigars by students. As a
result I. Riehl, a confectioner, was
fined \$150 and sentenced to pay the
costs when arraigned in Uniontown
this morning before Judge J. H. Reppert.

He entered a plea of guilty to a
charge made by the school board.
Riehl was alleged to have sold
cigars to minors, among whom
were school boys. It is understood
boys smoke in proximity to the high
school building, the fact coming to
the attention of the school authori-
ties.

Further prosecutions will be made
if the school board can learn the
identity of persons furnishing "vol-
um" to students.

25 Buried When Theatre Falls; Many Dead

By Associated Press.

NEW YORK, Nov. 29.—Fifteen or 20
workmen were believed to have been
killed today when a new theatre in
the course of construction at the cor-
ner of Bedford and Park avenues,
Brooklyn, collapsed, according to
early police reports. At the Vernon
avenue police station the dead list
was estimated at 25.

It is reported that the new theatre
was engaged on the new American
theatre. A roof fell in, im-
mediately after the accident indicated
that half that number were buried.
Four men were rescued before 2
o'clock and rushed to hospitals.

Sylvester Rosenfield and Samuel
Laskowicz, the contractors, arrested
on a technical charge of homicide,
told the police about 15 men were at
work in the orchestra pit when the
roof and north wall fell in. They es-
timated that about 25 people were
buried there.

Rebuttal Testimony Expected.

SAN FRANCISCO, Nov. 29.—Rebuttal
testimony was the order of the
day at the reopening of the Arburke
manipulation trial this morning. The
district attorney's office, after a con-
ference of all counsel in the prosecu-
tion, announced that about 40 wit-
nesses would be heard. The testi-
mony is expected to give, how-
ever, is so brief it probably would be
completed today.

Governor Appoints Judge.

HARRISBURG, Nov. 29.—The gov-
ernor today appointed J. H. Boyd of
Bedford, judge in the Clinton, Elk
Cameron district to succeed the late
Judge Albert Arnold.

Brooding Over Experiences In War Leads to Suicide of "Lost Battalion" Commander

By Associated Press.

NEW YORK, Nov. 29.—Secret brood-
ing over the memories of his expe-
riences in the war from which he
emerged as one of America's greatest
individual heroes was described today
by friends and relatives of Lieutenant
Colonel Charles W. Whittlesey as the
cause of his taking his life Sunday
while on the way to Havana. Leav-
ing several letters, presumably ex-
plaining the act, the commander of
the "Lost Battalion" disappeared from
the steamship Toloa, 24 hours out
from New York. His intimate friends
had no idea he was making an ocean
voyage.

Members of his family and business
associates were incredulous when a
wireless dispatch reported him miss-
ing but as evidence accumulated they
reluctantly came to the conclusion
that the missing man was Colonel
Whittlesey. They recalled incidents
which, placed together in the light of
his tragic death, might have been
recognized as indications that his
spirit was shaken by recurrent mem-
ories of his brothers in arms who had
died before his eyes in France.

The last blow, they said, was in
Washington a fortnight ago when he
took part in the funeral services for
America's unknown soldier. He re-
turned from the capital more depressed
than before, the haunting visions
clearer than ever, bearing him down.
There he had met hundreds of former
friends and had watched anew the gaps
in the ranks of the men he loved.

The Weather

Cloudy tonight and Wednesday; a
change in the temperature, as the noon
weather forecast for Western Penn-
sylvania.

Temperature Record	1921	1920
Maximum	41	51
Minimum	24	12
Mean	29	18

The Yough river rose during the
night from 10.50 feet to 11.55 feet.

ROADS ASKED TO JUSTIFY PRESENT CARRYING RATES

Questionnaires Sent to All by
Interstate Commerce
Commission.

INFORMATION SOUGHT

By Associated Press.

WASHINGTON, Nov. 29.—The rail-
roads will be given from December
14 to 21 to justify at hearings the
present level of the transportation
charges. The Interstate Commerce
Commission announced today in mak-
ing public a questionnaire to the
carriers. It is intended to guide all
persons interested in appearing in the
general investigation the commission
is to make.

The roads are asked whether present
rates are reasonable in the aggregate
in the country as a whole or reason-
able in the territorial rate groups, and
if not to what extent they need modifi-
cation.

It asks definite financial showing as
to what returns the carriers are
earning and what prospects they have
for the future, what has been done to
reduce operating expenses, by what
changes up or down have already been
made in individual commodity rates,
and what has been expended on main-
tenance.

The commission also invited argu-
ment on what rate of return railroads
should be entitled to earn upon their
property holdings after March 1, 1922,
when the transportation acts six per
cent standard of railroad earnings ex-
pires.

Conduit Bill Meets Approval Of Bell Company

The conduit ordinance introduced in
city council Monday night of last week
has been returned from Philadelphia
with the approval of the higher offi-
cers of the Bell Telephone company.
With the assurance that when it is
adopted and signed the terms of the
measure will be formally accepted by
the company. The ordinance did not
arrive in time for a presentation at a
meeting called for last night.

Meanwhile the work of resurfacing
Crawford avenue at Brimstone cor-
ner was renewed today and the sec-
tion where stands the telephone pole
that is to be removed will be resur-
faced later.

Boy Is Burned When He Grasps Telephone Wire

A youngster attending the Second
ward school was burned by a live
wire this morning when he grasped it
while on his way to school. The lad's
burns were dressed by a physician and
he was taken to his home. His name
was not learned.

A telephone wire had broken and
fallen to the ground. It laid across a
power line of the West Penn company
and when the youngster grasped it his
hand was burned.

GAS MAIN BREAKS

Fayette County Line Parts on Nar-
rows Slope.

A slide in the slope on the Nar-
rows, caused by the recent heavy
rains, resulting in a break in the eight-
inch main of the Fayette County Gas
company some time of the night, caus-
ing a falling off in the supply in
Scottsdale and other sections covered
by the northern end of the plant.

There was a lower pressure in this
city but otherwise the service was not
affected. The break was discovered
about 8:30 o'clock this morning. It is
expected the line will be completely
repaired some time tonight.

Speedway Assn. Held Insolvent

By Associated Press.

PITTSBURGH, Nov. 29.—An involun-
tary petition in bankruptcy was filed
against the Uniontown Speedway as-
sociation of Uniontown, Pa., in the
United States district court here to-
day. Credit claims in the petitions
total \$2,496.62.

The petition sets forth that the as-
sociation committed an act of bank-
ruptcy November 23 last in that it
permitted C. W. Johnson, a creditor,
to obtain preference through legal
proceedings by confessing judgment for
the sum of \$3,230.33 in favor of
Johnson at the September term of
court of common pleas of Fayette
county, upon which an execution was
issued November 22 and a levy made
and the sale of personal property ad-
vertised on November 23 for sale on
November 30.

The creditors and their claims are:
National Printing and Engraving com-
pany, 1915 Tribune building, Chicago,
Ill., \$1,554.33 for posters and printing
during August, 1921; the Fayette Pub-
lishing company of Uniontown, Pa.,
\$42.85 for job printing and advertise-
ments during August and November,
and the Von Sign company of Union-
town, Pa., \$1,899.43 for signs paid for
from May until September, 1921.

LOCAL BANK WINNER IN W. VA. CASE

According to an Associated Press
dispatch to The Courier the Supreme
court of West Virginia today affirmed
the decision of the lower court in the
case of the Citizens National bank of
Connellsville against the Harrison-
Doddridge Coal & Coke company, W. Va.

About a year ago the lower court
decided the case in favor of the bank.
An appeal was taken.

A number of notes and mortgages
are involved.

High Grade of Milk Makes Higher Price, Says Dairy Manager

In explanation of the difference in
the retail price of milk in Connellsville
and Greensburg, about which
complaint has been made by local
consumers, H. S. Garner, manager of
the Farmers Cooperative Dairy as-
sociation, said this morning that it
was almost wholly due to the differ-
ence in quality of milk furnished.

"In Allegheny county," said Mr.
Garner, "the standard is 3.5 per cent
of butter fat, on the basis of weight,
as compared with an average of 4.2
per cent maintained by the principal
distributors in Connellsville. At cer-
tain seasons the butter fat content
will be as high as 4.5 per cent and
again somewhat below 4.2 per cent,
but the average maintained is the lat-
ter percentage.

"The difference of seven-tenths of
one percent in the butter fat in the
milk furnished Connellsville consum-
ers and that furnished Greensburg con-
sumers, is a correct measure of the
difference in price. If local consum-
ers were given 3.5 per cent milk they
would very quickly notice the differ-
ence because of the quality than they are
to object to the difference in price.

"While there has been a reduction
in the price of feed for milk produc-
ers the costs of distribution, includ-
ing bottles, caps, labor and other ex-
penses, are just as high, and in some
items higher, than during the war.

"The country surrounding Con-
nellsville is not a purely agricultural
section as in the case of the milk
producing sections of Ohio which in
large part supply the Pittsburgh mar-
ket. Most of our dairymen buy in-
stead of raising their own feed, as
is done in Ohio, and they have other
expenses that are proportionately
higher. While we have improved
main roads the side roads leading to
the bulk of the dairy farms are still
dirt roads and as this season and all
through the winter are not in condi-
tion to make hauling by truck or
otherwise a low cost operation.

"Consumers presumably do not
know that all of these factors, and
the quality of milk furnished, enter
into the cost and make it appear that
Connellsville is paying more than
Pittsburgh, when quantity is the only
comparison made."

Following the statement of a local
citizen in The Courier yesterday re-
garding the high price of milk in this
city, a woman called to say she paid
even more than 15 and 16 cents her
dairymen charging 17 cents.

The minimum price here is 15
cents per quart and eight cents for a
pint. The man who charged 17 cents
for a quart levies nine cents for a
pint.

The woman was not aware that she
was paying above the minimum price
in the city until yesterday's article
appeared. She said she did not know
of an extra cost in the delivery of
her milk and intends to change to an-
other dealer.

Mother and Babe Die.

MOUNT PLEASANT, Nov. 29.—Mrs.
Ethel Sprinkle of Altoona, died last
night at the Memorial hospital fol-
lowing the birth of a child. The babe
also died. Mrs. Sprinkle was 29
years old. The babe was the first-
born.

GERMANY MAY BE ADMITTED TO NEXT ARMS CONFERENCE

Now Nations of Europe May
Also Be Asked to Discuss
Land Armaments.

IN CASE PARTIAL FAILURE

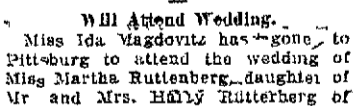

President Harding May Call Another

Limited Strictly to the Objects
of Discussion Set Forth in Call.

By Mark Sullivan.

National Political Council, President of The
Courier and The New York Post.

WASHINGTON, Nov. 29.—The one
thing definite and sure in all this
talk about a new or an enlarged con-
ference, which has overshadowed
everything else since it came out of
the White House, is this: President
Harding is a man of marked tenacity
about what he calls his "commit-
ment." He has told the country sev-
eral times that he would take steps,
leading to an association of nations,
and he is going to fulfill that promise.
That much of all this talk is solid
rock. The rest is of varying degrees
of dependability.

Such steps as President Harding is
likely to take in the near future will
not go so far as to justify the alarm
of the irreconcilables. We are
about to be led into, or, as they put
it, be betrayed into the League of
Nations. The apprehensions of Sen-
ator Borah, already forcefully voiced,
are based on the chaff rather than on
the wheat in what is happening. So
also is the presumed alarm of Sen-
ator Borah's fellow-irreconcilable,
Senator McCormick, who is now on
the ocean

Miss Rose Shewalter has returned home after a visit with relatives at Lethbridge.

HIGH WATERS CAUSE TROUBLE ABOUT SCOTSDALE

Frolley Tracks Flooded at Swedetown and Detour by Tarr Is Necessary.

SOUTH EVERSON FLOODED

Dozen Families Compelled to Take to Second Floors of Their Homes Until Waters of Jacob's Creek Subside; C. W. Carroll, Jr., in Hospital.

Special to The Courier
SCOTSDALE, Nov. 28.—The flooding of Jacob's creek yesterday caused inconvenience for many and actual discomfort for others. Due to the inundation of the West Penn Railways company's tracks between McClure and the end of the company's bridge over the Pennsylvania tracks in the borough through traffic was completely interrupted and passengers for Mount Pleasant and points north of McClure found it necessary to detour by Tarr and the same was true of persons coming in the opposite direction. Transfer past the scene of the interruption was impossible. This situation prevailed throughout the day and night. The water not only covered the trolley tracks but invaded the lower floors of homes along the line in Swedetown.

At South Everson a dozen homes were flooded and the occupants were compelled to move to the second floors.

Workmen and others at Hammondville found it necessary to detour by way of Stauffer to get to the trolley cars.

The Bridgeport reservoir was said to have been higher than at any time within the memory of old inhabitants.

Infant Dies.
Benjamin Surnak, infant son of Mr. and Mrs. Stanley Surnak of Everson died yesterday. The funeral will be tomorrow from St. Joseph's church.

Bazaar and Bake Sale.
The First Presbyterian church of Scottdale will hold a bazaar in the Hockensbury building December 1, 2 and 3. Bake sale December 3.—Advertisement—23-29-30

Broken Leg Re-Set.
C. W. Carroll, Jr., underwent an operation in the West Penn hospital Pittsburgh, in which his leg broken some time ago, was re-broken and re-set.

Personal Mention.

A MERCILESS JUDGE

One Who Shows No Favor.

A merciless judge is Father Time before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Connellsville resident has stood this statement of all tests.

H. D. Barclay, 126 E. Main St., prop. shoe repair shop Connellsville says: "I had a severe attack of lame back and pains across my loins. I could hardly straighten up and I couldn't rest well nights. The kidney secretions were highly colored and continued sediment. I used a box of Doan's Kidney Pills and they acted promptly in regulating the action of my kidneys, clearing the kidney secretions and relieving the lameness and soreness in my back and loins." (Statement given October 12, 1909.)

On August 8, 1918, Mr. Barclay added: "I use Doan's Kidney Pills occasionally and find them the same as ever. I can recommend Doan's as highly as previously."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Barclay had. Foster-McBurch Co. Mfrs., Buffalo, N. Y.—Advertisement

All Ready to Make—

FROM a good night's rest to a good morning meal takes just a few minutes when Morning Light Pancakes are served. The children like their delicious flavor and mother finds them as economical as they are better.

You've never tried a pancake flour so rich in quality, so really enjoyable, so convenient to use.

Also ask for Morning Light Buckwheat Flour, equally superior!

MORNING LIGHT

PANCAKE FLOUR

Choice Cuts —and Others

The wide variation in the wholesale price of various cuts from the same side of beef is caused largely by demand for the so-called choicer cuts. The others are, of course, just as wholesome.

It seems as though more people than ever are demanding choicer cuts, and their demand sets the price. If few people ask for the forequarter cuts, the price of forequarters will automatically drop to a figure low enough to induce people to buy because of cheapness.

Even though certain cuts sell for relatively high prices, other cuts, due to lack of demand, sell so low that our profit from all sources over a period of five years averaged only a fraction of a cent a pound.

It is competition between consumers for the choicer cuts that keeps prices for those cuts relatively high, an equalizing demand for all parts of the carcass would benefit producer, packer, retailer and consumer.

Our average wholesale selling price of all products has fallen about 40 per cent since September 1920.

Swift & Company, U. S. A.

CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nearest cathartic laxative in the world to physic you, liver and bowels when you have dizzy headaches, colds, biliousness, indigestion or upset acid stomach is "Cascarets." One or two tonight will empty your bowels completely by morning and you will feel splendid. They work while you sleep. Cascarets never stir you up or grip like salts. Pills. Calomel or oil and they cost only cents a box. Children love Cascarets too.—Advertisement

Dry Enforcement Officer Involved In Ft. Marion Case

Testimony of a startling nature and involving persons high in the enforcement of the prohibition laws in the state was given at the preliminary hearing before Alderman J. J. Michael in Uniontown yesterday afternoon in the case of John DeGardeyn, prominent business man of Point Marion charged with the illegal transportation of liquor. At the conclusion the alderman decided that a prima facie case had been established and held DeGardeyn under \$1,000 bail for the December term of court.

The chief witness for the Commonwealth, a secret service agent in the Treasury Department testified that Mr. Slater, an assistant to the state prohibition enforcement officer with headquarters in Philadelphia was under \$25,000 bail on charges brought by the federal government following investigation of the DeGardeyn case. DeGardeyn offered a carrier's permit in evidence to show that he was authorized to transport the liquor. The permit called for 1,500 cases of Gibson whiskey. The secret service agents identified the signature of that of Mr. Slater by the initial "S" with lines drawn through it resembling a dollar mark.

Counsel for the defendant intimated that DeGardeyn was transporting the 200 cases of Gibson whiskey to the Frisbee Manufacturing company at Dickson City a suburb of Scranton when the load was seized on the highway near Fairchance on the evening of October 7, last at the instance of the Committee of One Hundred. The secret service agent said that DeGardeyn was obligated to see that the liquor was turned over to the Frisbee company under the terms of the permit to which counsel intimated he would if the goods were released. The secret service agent suggested that he

personally, the company to accept the goods. The secret service agent read affidavits from the Frisbee Manufacturing company denying that it had ever made application for the 1,500 cases of whiskey or had received any part of it.

ONE
Genuine Victrola

This Famous
Trademark
Identifies It

The Victrola gives You Most for Your Money

Nowadays, more than ever before, people are intent upon getting their money's worth—and it is at such times that the value of any commercial product is most accurately established.

Your Christmas Victrola—

If you are planning a Victrola for your Home this Christmas—it is none too early to make your selection.

In our conveniently located Main Floor Parlors you can now choose from Victrolas in all of the different styles and models—in the wood and finish you like best.

So don't delay too long! Early selection avoids possible disappointment later.

A Small Deposit will Secure any Victrola You Choose for Xmas Delivery

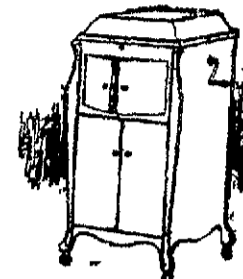

The Victrola is not only the recognized standard of quality and workmanship—but the recognized standard of value as well.

It is the product of the immense Victor factories where, because of wider experience and greater manufacturing skill, better goods can be made for less than the cost of inferior products—and you get the benefit.

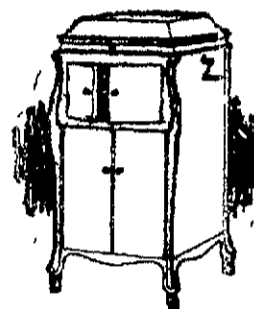

Victor Records, too, represent the same high standards of quality and value that Victrola instruments do. They are the masterpieces of the world's greatest artists—made expressly to be played on Victrola instruments.

And with the two—Victor Records and the Victrola—you have a combination that cannot be equaled anywhere.

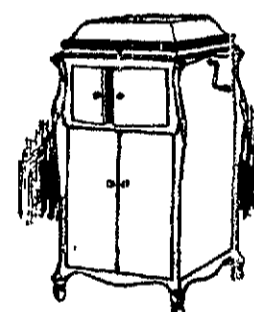

These very reasons are the best arguments why a genuine Victrola is the only instrument it will pay you to buy for your Home.

Victrola 100
Priced \$150

Victrola 110
Priced \$225

Victrola 120

DONNELLY AND CARTER ARE FINISHING TRAINING FOR BOUT THURSDAY NIGHT

Uniontown Flash Wants to Dispose of Negro Quickly.

TWO GOOD PRELIMINARIES

Just one more day intervenes in which Johnny Donnelly and Billy Carter, Uniontown and Connellsville representatives, respectively, will be able to train for the 10-round fight between them scheduled for Thursday evening. The show, backed by the Fayette Athletic club, should prove the best card arranged this season.

Climaxing the efforts of Matchmaker Duke Barry, the bout is considered the most vitally interesting it is possible to stage in this corner. The previous bout, held more than a year ago between the two men, the careers of both since that time, and the fact that Billy Carter showed up Tommy Phillips at the last show, all tend to add attraction to the coming set-to.

Donnelly, either spurred on by the reports that he was afraid to meet the negro or feeling that he could quickly dispose of him by boxing ability he has shown in the past, suddenly consented to the match after refusing a dozen times. No efforts have been spared to make it the greatest show ever held in Connellsville.

Donnelly knows what Carter carries in his punch from a previous experience. This time the negro is feeling fit physically and "I beaten there can be no alibi. Carter has everything to win in the coming bout. If he does win it will be a big set-back for Donnelly.

In the Donnelly-Phillips match the Uniontown flash failed to open up and the aggressive McKeesport forced the fighting. Johnny's home town fans were disappointed in him but Thursday evening they will be back to see what he does have. Donnelly is prepared to dispose of his opponent as quickly as possible so that he may forever shut up the wailings of Matchmaker Barry, who is also Carter's manager. Donnelly had to meet Carter this time in order to get a respite from the constant bickerings of Duke.

The semi-final between Jackie Fromme and Mike Moran will be a whirlwind battle. The former is here completing his training and Moran will arrive either tomorrow or early Thursday.

Buck Krouse battles Johnny King in the opener which insure a few rounds of healthy clouting.

25 OUT FOR FIRST FLOOR PRACTICE AT HIGH SCHOOL GYM

Twenty-five youths answered the first call for basketball candidates when reports were made to Coach Wine at the gymnasium yesterday afternoon. There was quite a variety of material, from anything to nothing and Mr. Wine has a nice job ahead of him to get his squad whipped into shape.

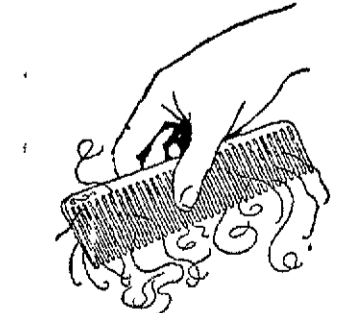

A few of the choicest from last year's squad are Harmon, Neld, Olsky, McCormick, Solsson and Brown. Solsson and McCormick were not out last evening because of illness. Lowrey is out for center and if he is able to make that position it will give the Cokers a tall man for the pivot job, something which has been sadly lacking.

There is quite a abating of new material on the floor which will be gradually weeded out. Final choice of a varsity, however, will hardly be made until after the Christmas holidays when the season will open in earnest. Before that time however it is quite likely the Cokers will take on a few outstanding schools as pre-season games.

Only a light practice was indulged in last night. This will be increased

DANDERINE

Stops Hair Coming Out: Thickens, Beautifies.

35-cent bottle of Danderine at any drug store. After one application you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance. —Advertisement—

A LITTLE SPORT NOW AND THEN.

The fellow who devotes a little of his spare time to clean exercising sport has little use for a health policy. Try bowling at the Temple Alley.

by the Bellale O high school early in the season was held against it. Johnstown was also eliminated for the same reason although neither lost a game to a team having membership in the league.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No To Bue has helped thousands to break the costly and bad habit of tobacco. Whenever you have a longing for a smoke or chew just place a harmless No-To-Bue tablet in your mouth instead. At desire stops. Shortly the habit is completely broken, and you are better of mentally, physically, financially. It is so easy on a smile. Get a box of No-To-Bue and it doesn't release you from all craving for tobacco in any of its forms. It will refund your money without question. —Advertisement—

35x5	63.00	44.00

Free Tubes With Every Tire Sold.

Nu Cord Service

Bell Phone 9632. West End of the Bridge, Connellsville, Pa.

1922

The U. S. ROYAL CORD TIRE. Unquestionably the outstanding merchandising success of the year—both in the eyes of the trade and of the car-owner. When the U. S. books close for 1921, they will show U. S. Royal Cord sales nearly doubled over 1920. Wear U. S. Tires and do command a greater audience than any other line of tires in the world.

Where is the tire dealer headed for in 1922

ALONG about this time of the year the tire-dealer is a much called upon man. Probably a dozen different "Agencies" for a dozen different tires are hopefully spread before him.

But when he gets off by himself and starts to think he finds out that most so-called Agency Franchises are hardly more than permission to invest his money in this brand or that brand at his own risk.

Consider now—not what is said in behalf of the U. S. Tire Sales and Service Agreement—but what it does.

Consider general conditions for the past year. And note everywhere that U. S. Tire dealers have been the least affected of all.

Observe how generally the U. S. Tire dealer is respected. Not alone by

the public but by his local competitors. The U. S. Tire dealer always knows where he is at. Right now—or in making his plans for 1922.

He can always put his hands on the U. S. consistent merchandising policy.

Where the U. S. Sales Franchise separates from the rest and asserts its prerogatives are in these things—

It brings to the dealer's store the greatest and most loyal tire-audience anywhere.

It supports the dealer with the most constructive and courageous publicity expressed policies today.

It carries the prestige of the U. S. Royal Cord Tire and the "USCO" Tread.

It is the most sought after franchise in the whole tire trade.

U. S. dealers will be the ranking tire-merchants of 1922. Not only in profit returned, but in local reputation as business citizens.

Prices on all U. S. Tires and Tubes Reduced Nov. 10th. Ask your dealer.

WEDDING LASTS FOR SEVEN DAYS

Marriage Customs of Palestine Are Among Most Interesting Celebrations of Country.

FOODSTUFFS AS PRESENTS

Wedding Begins on Monday and Winds Up With Breakfast on Following Sunday—Neighbors Take Part in Merry-making.

Jerusalem.—The marriage customs of Palestine, demonstrated recently in the wedding of one of the prettiest girls of the city to a well-to-do merchant, are among the most interesting celebrations of this ancient city. No person who is privileged to witness one will ever forget either the gorgeous costumes displayed or the thrill of the music and dancing indulged in by the guests.

Not only the respective families of the bride and bridegroom but also the entire neighborhood take part in the merry-making, which generally lasts for seven days. The celebration begins always on Monday and the wedding ceremony itself always occurs at dawn on the following Sunday.

Eat for Presents. Invitations are sent only to those from whom presents are expected. However, any person may attend who wishes. Presents are always in the nature of foodstuffs, such as rice, meat, sugar, coffee, flour, butter and vegetables. These are necessary to provide food for the hundreds of guests who flock to the bridegroom's house daily to take part in the singing and dancing.

Saturday brings the climax to all joy making. If the bridegroom's father is of even moderate circumstances, professional musicians are hired for the day.

Men and women in Palestine do not mix together often, due to the general belief that women are not mentally worthy of association. Consequently it becomes necessary to entertain women separately.

On Saturday evening at eight o'clock there takes place the shaving of the bridegroom, a feature of the entertainment. Surrounded by scores of men and women who keep up incessant maddening yells, which may be heard for a mile around, the barber undertakes the operation.

March to Church. This done, a procession is formed, proceeding to the church with people marching two abreast. At the head come eight bearers (guards), followed by ten children carrying in their hands palm branches and long-candles lighted. Immediately after follow the priests dressed in their church robes and singing psalms. The bridegroom, accompanied by his father and his best man, comes next, trailed by 200 or 300 men. At the end of the procession come the women and children.

A similar procession having started at about the same time from the bride's place, the two groups meet at some appointed place and proceed jointly to the church. All along the streets men and women, awakened by the noise, lean out of their windows to watch the bridal party.

After the wedding ceremony is performed a general rush is made to the bridegroom's house, where a breakfast is served (by this time it being early morning) to all.

DYED HER STOCKINGS AND SKIRT TO MATCH

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drape a new rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For 51 years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waist, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything—Advertisement.

Windows Easily Broken by Blasts.

Explosions of powder or other similar materials often are very destructive to windows, even if they are at a great distance from the point of explosion. When an explosion occurs air waves are thrown off with great violence. Sometimes these air waves are thrown back with such violence that buildings in the immediate vicinity of the explosion are destroyed.

The force of the air waves acts in all directions at the same time and with equal force. Very often these air waves are thrown for great distances and, while the houses in its path are strong enough to resist their violence, the windows are shattered because they cannot withstand the high pressure of air.—Milwaukee Sentinel.

GIVE A BABY SYRUP PEPSIN

Constipation, biliousness and like annoying ills will quickly disappear

A MOTHER is always anxious to give the safest and best medicine to a constipated baby, but is puzzled which to select. Let her decide by the ingredients on the package.

Every bottle of Dr. Caldwell's Syrup Pepsin has the formula printed plainly on the outside of the carton under the portrait of Dr. Caldwell, who wrote the prescription in 1892. You will find that it is a combination of Egyptian Senna and other simple laxative herbs with pepsin. It will not gripe the baby, and it is free from narcotics. A bottle sufficient to last a family several months can be had at any drug store, and the cost is only about a cent a dose.

While no one, young or old, need take a drastic purgative like salts or calomel, be especially careful what you give a

child. Some contain minerals, coal tar and other drugs that might prove dangerous by over stimulating the intestines or depressing the heart. The ingredients of Dr. Caldwell's Syrup Pepsin are recommended by the U. S. Pharmacopoeia.

Half-Ounce Bottle Free

Free escape constipation, so even if you do not require a laxative at this moment let me send you a Half-Ounce Trial Bottle of my Syrup Pepsin FREE OF CHARGE, so that you will have it handy when needed. Simply send our name and address to Dr. W. B. Caldwell, 514 Washington St., Manchester, N. H. Write me to day.

POPLAR GROVE LOTS

This Plan of lots is situated in the most beautiful suburban section of the City. A 5-minute car ride; a 15-minute walk from "Brimstone Corner." C. B. McCORMICK, Box 144, will give you further information.

State Officers Raid House Near Mount Pleasant

County Detective Paul L. Feighner, in company with a detail of state police, at 11 o'clock Saturday night raided the home of James Carter, known as "Lightning" Carter, near Bridgeport, along the Mount Pleasant-Bridgeport road, and arrested eight of the inmates of the house and the proprietor, Carter and his companions, both men and women, were taken to the office of Justice of the Peace L. F. Rhoads, where they gave bail for a hearing at 7 o'clock Friday evening.

For several weeks the Carter place has been regarded suspiciously by the people residing in that vicinity, who claimed that it was not safe to pass the house last night. Women and men were seen in and about the house during the day and night, engaged in playing games and doing some drinking. Complaints were made to District Attorney N. A. Carr.

CHOOSING NEW TIMING SYSTEM

Intercollegiate Association Decides to Time Races in Months of Second in Future.

At a meeting of the executive committee of the Intercollegiate Association of Amateur Athletes of America, it was voted to time all races in the championship meets of this association in months of second instead of fifths as in the past. This is in conformity with the system used in Olympic games.

TO INCREASE FLESH

Put on solid, beautiful, permanent flesh, you must give your system plenty of health-giving nourishment just as you would put good heat-producing fuel in an engine if you wanted to make steam.

By taking a little DR. CARRY'S MEDIC-YEST with each meal that you eat, you increase the nourishment of your food. Nourish wasting tissues, invigorate vital organs and restore wasting nerve power.

DR. CARRY'S MEDIC-YEST TABLETS contain those rebuilding natural elements in the Vitamins which Science calls the "Soul of the Food." DR. CARRY'S MEDIC-YEST TABLETS positively will add solid flesh and "increase" energy when taken regularly with your meals. DR. CARRY'S MEDIC-YEST should not be used by anyone who is opposed to acquiring normal weight.

Results are absolutely guaranteed or money refunded. Remember the name DR. CARRY'S MEDIC-YEST TABLETS.

Three New Stadiums.

Columbia university plans to have three stadiums on its new 28-acre athletic field at Two Hundred and Eighteenth street and Broadway, New York city. The football amphitheater will be the largest of the trio, having a seating capacity of 50,000. The track stadium will seat 10,000 and the baseball stands 7,000. Ground will be broken early next year. It is announced, provided sufficient funds are provided by that time.

A Changed Man.

Mrs. A.—I remember before you married Tom how crazy he was about ice cream. Do you have it often, now?
Mrs. B.—Very seldom. Tom says that buying it takes too much money and making it is too much work.

Does Your Housework Tire You?

If your housework tires you unduly, if you suffer from headache, indigestion, biliousness or "blues," it means that your liver is out of order, your stomach is upset or your bowels are not working properly.

CHAMBERLAIN'S TABLETS will provide the gentle stimulant that will set nature properly at work again. They will quicken your sluggish liver; tone up your stomach and gently cleanse your bowels.

You always should keep a bottle of CHAMBERLAIN'S TABLETS in the house and ready for the first sign of headache or indigestion.

TRY THEM A generous sample free on request.

BUY THEM 25 cents at all druggists.

CHAMBERLAIN MEDICINE COMPANY DES MOINES, IOWA

Studebaker

SPECIAL-SIX COUPE

Where Luxury and Utility Have Been Merged in a Dependable Year 'Round Car

This Studebaker enclosed car is remarkable not only because of its beauty of line, finish and appointments, but because its sturdiness of construction gives it a degree of freedom from body rattles that is unusual.

Everything that would add to living-room comfort and convenience—to protection and utility—has been provided in this SPECIAL-SIX COUPE. From its upholstery of gray mohair velvet plush, down to the smallest detail of its equipment, the appointments of this car are in keeping with Studebaker's 69 year old reputation for fine coach building.

Seating arrangement accommodates three adult passengers in perfect comfort, with an auxiliary arm chair for the fourth which, when not in use, folds compactly under the cowl and out of the way. The dependability of the 50-H.P. SPECIAL-SIX chassis is an added assurance of the full enjoyment of closed car comfort.

You are invited to inspect this car at our showrooms.

DUANE HONORED AT HARVARD

Philadelphian Elected President of Minor Sports Council—Benjie Is Secretary.

Morris Duane of Philadelphia was elected President of the Harvard Minor Sports Council. He is captain of the tennis team. George Benjie of Chestnut Hill, captain of the cross-country team, was elected secretary. Both men automatically become members of the student council.

80 Years Old—Fit as a Fiddle

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffering all kinds of pain, was filled with gas and constipated for years. I was advised to try May's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke. —Advertisement—

MINE FLOODED BY RISE OF STREAM AT S. CONNELLSVILLE

Madigan Coal Company's Plant
Put Out of Commission
for Time.

MUST BE PUMPED FREE

Streets of Borough Resemble Rivulets
and Whole Town Has Aspect of
"Sea of Mud." Due to the Continued
Rains, Other News of the Day.

SOUTH CONNELLSVILLE, Nov. 29.—Rain and snow have put the streets and roads of South Conneltsville in bad condition, making the borough resemble a sea of mud. Streets have been rivulets and small creeks within the confines of the borough and are now out of their beds.

The mine of the Madigan Coal company, which opens onto Second street, near Evans' store, was flooded yesterday by the overflowing of the small stream which makes its way through Solon's back. The mine opening is completely filled with water, which must be pumped out before operations can be resumed.

Local Happenings.
Daniel Smith and Palmer Tanshill returned home yesterday from a hunting trip to Indian Head. They went out last Wednesday and had only one good day to hunt, as it rained all the rest.

Personal News.
W. S. Trevitt and John Dewar were recent visitors to New Castle.

Mary Elizabeth Watson of Pittsburgh street was visiting her grandparents, Mr. and Mrs. Alvin Burnworth, of Conduff.

Beatrice Lee is ill at her home on Ryndman street.

Carroll Fisher of Pittsburgh street, was a recent visitor with his uncle and aunt, Mr. and Mrs. Calvin Dittner of Indian Head.

Smithfield.

SMITHFIELD, Nov. 29.—George B. Mowry, general foreman of the Baltimore & Ohio shops here, has returned to work after an illness of several days.

H. R. Sackett of Liberty street entertained Class No. 9 of the Presbyterian church at his home Saturday evening. After the business of the class, lunch was served.

Mr. and Mrs. D. O. Little of Uniontown spent the week-end with the latter's parents, Mr. and Mrs. John Lowe.

D. J. Hawkins, a Baltimore & Ohio engineer, spent the week-end with his family at Fairmont, W. Va.

Donald Abraham has returned from

A business trip to Fairmont, W. Va. Mrs. J. L. McCracken and son, Robert, visited friends in Uniontown Saturday.

Mrs. J. W. Youkin spent Saturday at Conneltsville as the guest of Mrs. Sarah Hoop.

Mrs. Guy Britt of Somerset spent the week-end the guest of Mr. and Mrs. E. C. Britt.

E. H. Tipton, a Baltimore & Ohio engineer of Meyersdale, has taken a turn out of this terminal.

Junk Dealer Dies, Worth \$337,823.
Emuel Popper of Chicago, a junk man, died recently and left an estate valued at \$337,823. His will gives \$20,000 to charity. He started out in business 40 years ago with a pack on his back.

STORE NEWS

North Pittsburg Street

A Sheaf of Christmas Suggestions For the Early Christmas Shopper

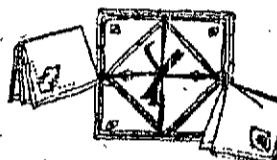

A Dainty Nosegay—

originally intended for negligence but piquant enough to take a much more prominent place on one's costume, is but one of many beautiful ribbon novelties. Price \$2.

There are more opportunities for the buying of distinctive (and inexpensive) gifts among these novelties than any one place we know of.

—Main Floor

A Box of Handkerchiefs

No woman yet had too many of them. Especially if they were daintily embroidered—or initialed.

Santa brings them this year in crepe de chine or linen—some with borders of vibrant hue, others embroidered so primly that only elfin needles could have done it.

They are prettily packaged—3 in a box—and are priced per box \$5.00 to \$2.50. Individual handkerchiefs 18c to \$2.50.

—Main Floor

The Essence of a Thousand Flowers—

tidily packaged in a gift box and bearing a famous name—Hudnut, Coty, Mary Garden or Gardinia. There you have a gift that cannot be forgotten!

But choose your perfumes well that they may blend in with the individuality of the recipient. We have many Christmas suggestions at the perfume counter.

Prices run 50c to \$4.75.

—Main Floor

Christmas Candies

The Gooty Shop is now taking orders for their—any variety or assortment of Mirror Chocolate that you desire daintily boxed to reflect the real Holiday Spirit.

Sample boxes are now on display so that choosing is made easy. Prices range 8c to \$1.50 per lb.

N. Pittsburg Street

The Ham What Am

is Armour's Ham—and here is why we will sell them after the 1st of December:

It is sanitary in its stocknet package; its flavor is unsurpassed by any other ham; it is inspected, passed and approved by the U. S. government; it is economical because its wrapping preserves the natural juices and prevents shrinkage.

Regular Star Hams are priced 27c per lb.; skinned hams 30c per lb.

—N. Pittsburg Street

Dawson.

DAWSON, Nov. 29.—P. J. Cunningham and son spent Thursday with friends in Pittsburg.

Mr. and Mrs. Charles Gail and son are spending the week-end at the home of Mrs. Gail's sister, Mrs. William Ambrose, Leckrone.

George Gillespie spent Thanksgiving Day with friends in Pittsburg.

Miss Gladys Laughrey was a Conneltsville caller Thursday.

Mrs. Walter Brower and children are visiting friends and relatives at Altoona.

Thomas Leonard, who is attending school at St. Mary's academy, Greensburg, is spending a few days' vacation at his home in North Dawson.

George and James Sovereigns of Dickerson Run are Pittsburg visitors today.

Mr. and Mrs. Clarence Leckey of Seattle, Wash., are here for a few weeks' visit with the former's mother, Mrs. Harletha Leckey.

Speaking of Christmas Presents

Don't fail to see Wednesday's paper for the story of a sale that will tell about the biggest thing Wright-Metzler's has ever done for Conneltsville and the people of this district!

For Practical Gifts

THESE are things that mothers and wives appreciate—for they lighten work and carry your Christmas thought through the whole long year.

Coffee Percolators (type illustrated) are brightly plated and becomingly shaped in capacities suited to the varying sizes of families. Priced \$15 up to \$21.

Pyrex Cooking Ware, cut to resemble cut glass, and therefore decorative as well as practical, is priced 30c to \$3.50 per piece. Per set \$12.

Electric Toasters that have such a wonderful knack of saving both time, trouble and temper in the morning are \$5.50 and \$8.50.

—Store Downstairs

Why are all little girls so suddenly good—

so quick to obey and eager to please their mothers?

It must be because they have had an interview with jolly old Santa who told them that if they weren't just as good as can be, they might not get for their Christmas—

A really doll that really walks, and closes its eyes and says "Mama."

Or a tiny doll range, with its own little skittle

and coal bucket and lid—lifter complete.

Or one of the little player pianos that came all the way from Sunny France to play real music as well as an Edison.

Or a wee, woolly puppy who gets wound up and starts to walk around as pert as a real live dog.

No wonder they're good! With toys such as these it's well worth the effort!

—Santaland—Downstairs

Hosiery

No woman's Christmas is completely happy unless some one is thoughtful enough to give her plenty of hosiery.

Silk Hosiery in many a fairy weave, clocked and unclocked, is here priced \$2.25 to \$5.

Wool Hosiery—with the new shade named Nodde particularly appropriate for gifts—is priced \$2 to \$4.

—Main Floor

Boxes and Baskets!

When it comes down to a question of pleasing your very dearest friend with something practical as well as pretty here is the answer.

Choose for her a gift box or a basket—sewing work or shopping according to her tastes—and rest assured that you've had a hand in the making of at least one Merry Christmas!

Sweet Grass baskets are priced \$1.65 to \$3.75; Work Baskets \$1.25 to \$5.

—Main Floor

Dressing Table Appointments—

In the form of Ivory Pyralin toilet sets are more complete this year than ever before and so divided that you may buy individual pieces or sets as you prefer.

There are combs, clocks, powder cases, perfume bottle holders, mirrors, picture frames, etc.—all tinged with a mellow beauty that only Pyralin can have.

The prices run per set \$5.00 to \$8.50.

—Main Floor

Perfumed Pottery

There's an air of magic about it! You see a bit of pretty decorated earthenware pottery—a pungent perfume fills the air—yet try as you will you can find no trace of perfume or sachet anywhere about it.

A clever gift for some loved one—and inexpensive, at 50c and \$1.00.

—Main Floor
